

Archean Chemical Industries Limited

Business Details

Archean Chemical Industries Limited is a leading specialty chemicals manufacturing company based in India with a wide presence in the global markets.

We are the first of its kind integrated plant in India to produce Industrial Salt, Bromine and Sulphate of Potash.

Reliably delivering quality products has been our mission since our inception. We are trusted partners of numerous global customers. Our continuous commitment to excellence has helped build our reputation as one of the best in the industry.

It is also very important to us that we are a 'Green Organization' from start to finish. The processes we use to convert the brine from the Arabian sea into our core products cause minimal environmental harm. We strive to identify and eliminate sources of environmental damage to achieve our goal of being as Green as possible.
